

Clavin

S T R O N G

Indecently effective. Be a man at once!

A product designed to improve your erection. **Fast-acting.**

Dear customer:

Allow us to introduce you to our new addition to the Clavin® range of erection improvement products.

Clavin® STRONG follows on from the very popular and successful product Clavin® Original which was the **most sold food supplement in 2007 in pharmacies for the improvement of erection quality while offering a quick effect.**

Source: AMAR (the sale of nutritional supplements in Czech pharmacies in 2007)

Clavin® STRONG is a food supplement with a unique composition, giving a positive effect on blood flow to the penis and on its erection. The active substances in the product induce what is called the **DELTA EFFECT™**, where several mechanisms combine to enhance blood flow to the penis.

Clavin® STRONG is a natural product for all men who wish to improve their sexual life and to have a better and repeated erection. With a better erection, your sexual enjoyment will be more intensive. Clavin® STRONG's positive effect on sexual activity will also support your self-confidence and success with women.

! The product's active ingredients are the galenically modified mixture of L-arginine, L-citruline and **DELTA ACTIVE™** - a specially modified and standardized mixture of bioflavonoids. The synergic activity of these components ensures the maximum effectiveness of the product.

! When sexually aroused, the use of Clavin® STRONG brings on an enhancement of blood flow to the penis thereby having a positive effect on the quality of the erection, the hardness of the erect penis and on the entire sexual experience while offering a quick and long-lasting effect.

! When is the use of Clavin® STRONG recommended?

- If you are dissatisfied with the quality of your erection
- If you have occasional problems with your erection
- If you want to reach prompt erection
- If you want your sexual experience to be more intensive and enjoyable

! Why take Clavin® STRONG?

- It helps achieve a better erection

- It helps sustain the erection longer
- The use of Clavin® STRONG is safe and with no adverse effects.

! Who is Clavin® STRONG for?

- Any adult male, without age limitation.

! How fast does Clavin® STRONG act?

- The effect starts very soon during sexual stimulation.

! Warning!

Sexual arousal is essential for achieving an effect!

! Erection and Clavin® STRONG

Erection is the result of sexual excitement in males. Mental and physical factors must combine favourably to produce an erection. Any imbalance of such factors can be a cause of erectile problems. Clavin® STRONG's active ingredients effectively support the erection process.

! Recommended dosage: Use 4 capsules at a time.

Stand-by regime is considered to be 1 to 6 hours before intercourse.

! **Warning:** The product is not to be used by children. It is not suitable for pregnant and nursing women. Store away from children! The product is not to be used as a dietary substitute. Do not exceed the recommended dosage.
